

Fall 2011

Health Information

Dear Parent/Guardian:

The State of Illinois Administrative Code requirements are as listed:

- **Completed Physical Examination** (form required and available on our website) for all students entering **Pre-K, Kindergarten, 6th grade and 9th grade**. **This form is due the first day of school**. This physical must be done within the 12 months prior to the first day of school attendance and must include the following components:
 1. Medical History completed by parent
 2. Complete physical examination
 3. Diabetes Screening & BMI-(a measure of weight compared to height)
 4. Lead Screening Questionnaire (PreK only)
- **Complete Vision Examination** by a licensed Optometrist/Ophthalmologist for all **students entering kindergarten or 1st grade if kindergarten isn't attended**. If applicable **this form is due the first day of school**. This exam must be done within the 12 months prior to the first day of school attendance.
- **Complete and updated immunizations due by the first day of school** are as follows:
 1. Hepatitis B (a series of 3 immunizations over a 6 month period)
 2. Measles (the second dose mandated prior to entering Kindergarten)
 3. Rubella and Mumps
 4. Polio (with a Booster on or after 4th birthday)
 5. Diphtheria/Tetanus (Pertussis required also ages 5 and younger) - must have booster on or after 4th birthday and every 10 years thereafter
 6. Varicella (Chicken Pox) Immunization or proof of disease for all students 9th grade and below
- **Dental Examination Form** is required for **Kindergarten, 2nd grade, and 6th grade** students. This is to be completed **prior to May 15th, 2012**.
- New students in all grades if this is the first time enrollment in an Illinois school are required the above mentioned completed physical examination and the complete vision examination. Students new to District 12 have 21 days to provide their health records from their previous school.
- All of these health documents will be retained in the student's health record.
